## HYGIENIC SEALING TRAYS

the complete  
solution for  
out-of-home sales

They should be practicable, hygienically impeccable, sustainable anyway: take-away packaging, which is intended to transport the products to be consumed as freshly as possible and without adulteration in terms of taste and consistency to the already languishing recipient, has gained completely new attention in Corona times. In cooperation with a manufacturing partner, **PAPSTAR** now offers a complete solution for out-of-home sales or canteens in general; a well thought-out sealing concept that, in addition to the user-friendly machine for made of leak-proof sealing and a whole range of perfectly fitting menu trays, also has the corresponding foils ready.

\*Optimal temperature setting: tray + aluminum/PE foil 120°C

\*\*crystallized polyethylene terephthalate

## **THE PAPSTAR SEALING CONCEPT!**

**HYGIENIC. PRACTICAL. SAFE.**

Delivery and take-away services are becoming increasingly popular in today's society. Practical transport packaging that ensures safe delivery of the food is important here. Sealing concepts offer an optimal solution for sealing all dishes in just a few seconds, making them leak-proof and aroma-tight, and for guaranteeing that the packaged food is kept warm during transport.

At **PAPSTAR** you will find everything you need to seal your dishes and menus. From the sealing machine to the right frame, sealing trays and sealing foil. We would be happy to advise you on choosing the right products!
